PLEASE NOTE: It is not the marshal's job to dictate traffic flow, please stick to the rules of the road and be courteous at all times to the marshals and other road users.

There will be a designated start and finish line (mount and dismount) which will also be marshalled for you.

All helmets must meet the appropriate standards. Please check the BTF website for further details: <https://www.britishtriathlon.org/competitionrules>. Helmets must be fastened before you remove your bike and must remain fastened until you have re-racked your bike in the transition area - if you don't it could result in your disqualification.

BTF state that "all competitors must follow the normal rules of the road, obey all traffic signals, any infringement of the law and subsequent legal action is the sole responsibility of the competitor." If a marshal tells you to stop at a junction or slow down leading up to a junction, it is for your safety.

Failure to comply with any of the above may result in your disqualification. It is strongly recommended (and your responsibility) that you are fully aware of all aspects of the course prior to race day.
